

West Main St. Reconstruction Phase 2

Description: Reconstruction of W. Main St. and installation of curb and gutter and storm sewer from N. Center Point Rd. to Stamy Rd. The project will include construction of a 10-foot wide pedestrian/bike trail on north side of W. Main St. to connect previous phases of Main St. to future trail extensions along N. Center Point Rd.

Location: W. Main St. from N. Center Point Rd. to Stamy Rd.

Estimated to begin: 2030 - 2034

Estimated Cost: \$8,800,000*

* Estimated Cost is based on 2019 LRTP Project Cost with Contingency and includes 5% inflation to project construction start in 2034

Funding Sources: To be determined
