Subject: Temporary Road Closure – West Main Street Construction

Dear Robins Resident,

The City of Robins would like to inform you of an upcoming construction project on West Main Street for much needed roadway improvements.

W. Main Street will be closed to through traffic from Tullymore Drive west to N. Center Point Rd. The closure is expected to **begin in early September**. The work is anticipated to be complete by **October 31, 2025**.

While access to your address for you and emergency services will remain available, a detour route will be posted. Please be aware that construction activities may cause delays and temporary disruptions to normal traffic flow. We appreciate your patience as crews work to complete these important improvements.

To provide you with more details and answer any questions, the City will host an open house-style meeting on:

Date: Tuesday, August 26, 2025

Time: 5:00 p.m. – 5:45 p.m.

Location: Robins City Hall, 265 S. Second Street

No formal agenda will be prepared; however, City staff and construction project representatives will be available to answer your questions, discuss the project timeline, detour routes, and measures being taken to minimize impacts.

We understand that construction projects can be inconvenient, and we thank you in advance for your cooperation and understanding as we work to improve our community's infrastructure.

If you have any questions prior to the Open House, please contact City Hall at (319) 393-0588 or email info@cityofrobins.org

Chuck Hinz
Mayor, City of Robins
